Using your Validation

When entering the parking structure press the TICKET button to obtain an Entry Ticket. Please keep the Entry Ticket with you or in your vehicle – you will need it to exit the structure.

When exiting the parking structure please follow these steps:

1. Insert your Entry Ticket (white) into the TICKET slot.

2. When the monitor shows an amount due insert your Validation (yellow or blue) into the TICKET slot.

The exit gate will raise within a couple of seconds. Please exit and drive safely.
