Projects organized chronologically; project details may change due to weather or other factors.

A) Highland Avenue westbound lane closure
June 1-3, 2020
Westbound lane of Highland Avenue closed near HSLC. Detour to Marist Drive, Vilas, Observatory, then back to Highland Avenue.

B) Utilities - W. Dayton Street
until mid-June 2020
Final site restoration (Charter to Park Street). Route 80 detours to Johnson Street.
**See Inset 1 for more details

C) Bascom Hall roof repair
until late Summer 2020
Lot 11 visitor meter and service/vendor stalls closed for staging. Other nearby parking options available.

D) The Nicholas Rec Center construction
until late Summer 2020
Lot 87 closed until all construction completed. Southern sidewalk closed until late July 2020.

E) Field House improvements
until August 31, 2020
Lot 19 closed for UN Field House project. Starting 5/13 - Little Street connection from Monroe Street to westbound Regents Street closed until June 9. Detour using Randall Avenue or Breesie Terrace.

F) Bascom-Lathrop utility project
Package 2 started early September 2019
Full project to last through November 2020. Lathrop Drive closed to through-traffic. Lot 115 accessible from Charter Street and Lot 5 accessible from Park Street.
Jan. 5 - June 1 - Observatory Drive westbound only for through-traffic from Charter Street to Park Street. Access to Lot 11 maintained; other vehicle traffic must approach from Park Street. Starting May 11, Lot 9 closed.

G) Friends of Campus Construction - Lot and Street Impacts/Closures Map

H) Mills Street closure
Two-way traffic to open late 2020/early 2021
Mills Street closed between University Avenue and Johnson Street for Chemistry addition related work. Detour using Brocks, Charter, or Park Street.
The west University Ave. crosswalk at Mills closed until project completed. East side of Mills sidewalk maintained, west sidewalk closed.
**See Inset 1 for more details

J) Linden Drive new parking facility construction
until early Winter 2020
Part of Lot 62 closed. Project includes underground utility work, which has closed several sidewalk areas. The bicycle path running behind Vet Med closed Oct. 21, 2019 until end of summer 2020.
May 26 - mid-August - Linden Drive closure in front of Veterinary Medicine building to complete underground utilities work.
**See Inset 3 for more details

K) Chemistry addition project
until 2022/Chemistry addition completed
Lot 56 closed until 2022 (end of Chemistry construction). The eastern sidewalk near the Chemistry Building is closed; pedestrians should use the west side sidewalk. One University Avenue lane closed from N. Brooks Street to N. Charter Street until the completion of the Chemistry addition project. Temporary bike lane and sidewalk area created above contrail bike lane and south sidewalk.

L) Willow Creek pedestrian/bicycle bridge closed
Closed until further notice
Bridge needs repair; structural analysis to be conducted to determine next steps.

**See Inset 3 for more details
Campus construction - Lot and Street Impacts/Closures Map | Inset 1

**Vehicle traffic impacts**
- Mills Street between Johnson Street and University Avenue closed to two-way traffic until late 2020. Northbound vehicles can reach Conklin Place.
- A single lane of northbound traffic on Charter Street between Johnson Street and University Avenue is closed until the completion of the Chemistry addition project (spring 2021). Lot 55 closed during Chemistry project.
- Dayton Street closed to two-way traffic between Park Street and Charter Street. Local access and access to/from Lot 44 available using Brooks Street. North-south cross traffic allowed at Mills and Charter Streets.

**Transit impacts**
- Mills Street between Johnson Street and University Avenue is closed. Routes 4, 13, 27, and 44 detour.
- April 3 - Summer 2020 (June), Route 80 detours from Dayton Street to Johnson Street between Charter and Lake Streets.

Metro Transit detour information can be found at mymetrobus.com.

**Pedestrian impacts**
- West side north/southbound crosswalk along Mills Street near the Chemistry building is closed; detour to east crosswalk.

**Bicycle impacts**
- Mills Street between Johnson Street and University Avenue is closed to two-way traffic until late 2020.
- Dayton Street closed to two-way traffic between Park Street and Charter Street.

**What’s coming**
- Final Dayton Street site restoration will happen during spring 2020, with occasional paving, landscaping and other construction-related activities. Information on additional closures or changes to anticipated closures will be shared when available. Project to wrap mid-June 2020.

See transportation.wisc.edu for updates on traffic impacts due to construction.
**Campus construction - Lot and Street Impacts/Closures Map**

**Pedestrian impacts**
- The main pedestrian paths between the Education Building and the Law Building are unavailable. Detour to the west toward the North and South Hall pedestrian path or use the pedestrian path along Observatory Drive.
- “Through” Pedestrian for Bascom Hill should detour to use paths along Observatory Drive or south to the Lathrop Drive area to avoid closed areas—refer to marked detours on site.
- Pedestrian bridge connecting Bascom Hill and the Humanities Building will remain open throughout work. Crosswalk connecting Bascom Hill and State Street Mall also available.

**Bicycle impacts**
- No through-traffic on Lathrop Drive. Lot 115 (contains UW Disabled permit stalls) is only available from Charter Street. Lot 5 (contains UW Disabled permit stalls) is only accessible from Park Street.
- Lincoln Drive closed. Use Charter or Park Streets.

**Vehicle traffic impacts**
- Southbound Park Street unavailable between Langdon Street and Lathrop Drive. Detour using Observatory Drive (to Charter Street) or Langdon Street (to Lake Street).
- No through-traffic on Lathrop Drive. Lot 115 (contains UW Disabled permit stalls) is only available from Charter Street. Lot 5 (contains UW Disabled permit stalls) is only accessible from Park Street.
- Lincoln Drive closed. Parking stalls behind Birge Hall relocated during this stage.
- UNTIL JUNE 1 - Observatory Drive westbound only from Park Street to Charter Street. Local access to Lot 11 will be available from Charter Street, but all other traffic must approach from Park Street.
- Lot 9 closed as of May 11.

*See transportation.wisc.edu for updates on traffic impacts due to construction*
Vehicle traffic impacts

- "[NEW]" Linden Drive closed from Easterday Lane to Farm Place. Access available to parking areas behind Veterinary Medicine by using Easterday Lane. Lot 39 and 12 can be accessed from Linden Drive but will have to reach Linden by way of Elm Drive.
- "[NEW]" A temporary driveway will also be available to Lot 123/the Veterinary Medicine loading dock from Farm Place.

Transit impacts

- The eastbound Observatory & Natatorium bus stop (2267) remains open, but has relocated about half a block west.

Pedestrian impacts

- Partial closure of the southern sidewalk along Observatory Drive. Detour to northern sidewalk.
- Northern sidewalk closed along Linden Drive near the Linden Drive garage site—from Farm Place to the entrance to the Vet Med building.
- ADA pathway created that connects the Natatorium to Lot 62 to the Vet Med building.
- Campus Drive bike-ped path closed from Vet Diagnostic Lab to Farm Place egress. Closure to last until approximately August 2020. Detour using path onto Easterday Lane or another alternative route.

Note: Willow Creek bike-ped bridge remains closed due to structural integrity concerns.

What’s coming

- Late May (May 26) to mid-August - Linden Drive will close in front of Veterinary Medicine for underground utility work. Access to lots and loading dock areas behind Vet Med available.

Bicycle impacts

- Campus Drive bike-ped path closed from Vet Diagnostic Lab to Farm Place egress. Closure to last until Spring 2020. Detour using path onto Easterday Lane or another alternative route.

Note: Willow Creek bike-ped bridge remains closed due to structural integrity concerns.
