A) Utilities - W. Dayton Street
Street closed from Mills to Park Street. (As of Nov. 10, Dayton open from Charter to Mills.) Access to Lot 44 maintained at all times. Route 80 bus detours via Charter Street to Johnson Street.
Lot 92 access lane relocated (Dec. 2-13). Northern sidewalk closed along Dayton Street in construction–detour to southern sidewalk. **See Inset 1 for more details

B) Bascom-Lathrop utility project
Package 2 started early September 2019. Full project to last through November 2020. Lathrop Drive closed to through-traffic–Lot 115 only accessible from N. Charter Street and Lot 5 only accessible from Park Street and Lincoln Drive closed.
Jan 6 - March - Observatory Drive will be westbound only for through-traffic from Charter Street to Park Street. Access to Lot 11 will be maintained for permit holders, but all other vehicle traffic must approach from Park Street.
**See Inset 2 for more details

C) Linden Drive new parking facility construction
Until late Fall 2020
Part of Lot 62 closed to make space for a new gated parking facility. Project will include underground utility work, which has closed several sidewalk areas. The bicycle path running behind Val Med closed Oct. 21 until March 2020.
**See Inset 3 for more details

D) The Nicholas Rec Center construction
Until late (Fall) 2020
Lot 87 closed until construction completed.

E) Mills Street closure
Two-way traffic to open late 2020/early 2021
Mills Street closed between University Avenue and Johnson Street, for Chemistry addition related work. Detour using Brookes, Charter, or Park Street.
The west University Ave. crosswalk at Mills closed until project completed. East side of Mills sidewalk maintained, west sidewalk closed.

F) Babcock Hall addition
Until Spring/Summer 2021
Much of Lot 40 east closed by Babcock Hall. A temporary driveway available to the east of the Stock Pavilion; the “Farm Place” driveway is closed. Two-way traffic allowed on Babcock Drive from Linden Drive to east Lot 40.

G) Chemistry addition project
Until 2021/Chemistry addition completed!
Lot 65 closed until 2021 (end of Chemistry construction)
The eastern sidewalk near the Chemistry Building is closed; pedestrians should use the west side sidewalk. One University Avenue lane closed from N. Brooks Street to N. Charter Street until the completion of the Chemistry addition project in 2021.
Temporary bike lane and sidewalk area created above contral flow bike lane and south sidewalk.

H) Willow Creek pedestrian/bicycle bridge closed
Closed until further notice
Closed as a safety precaution; bridge needs structural repairs. Structural analysis to be conducted to determine next steps.

I) Lot 7 gate equipment upgrades
780 - early January 2020
Entrance and exit gate equipment upgrades; access remains open for permit holders. Drive carefully in lot to protect those at work.
Campus construction - Lot and Street Impacts/Closures Map | Inset 1

Vehicle traffic impacts
- Mills Street between Johnson Street and University Avenue closed to two-way traffic until late 2020. Northbound vehicles can reach Conklin Place.
- A single lane of northbound traffic on Charter Street between Johnson Street and University Avenue is closed until the completion of the Chemistry addition project (spring 2021).
- Dayton Street closed Mills Street to Park Street. Local traffic and access to Lot 44 and other local buildings available via Brooks Street. (Through end of utility project - January 2020)

Transit impacts
- Route 80 rerouted from part of Dayton Street. Detours to Charter Street, then Johnson Street. Regular route resumes at Lake Street north of Johnson Street.
- Mills Street between Johnson Street and University Avenue is closed. Routes 4, 13, 27, and 44 detour.

Metro Transit detour information can be found at mymetrobus.com.

Pedestrian impacts
- Northern crosswalk of Dayton Street closed from Mills Street to Park Street. Southern sidewalk open throughout project.
- East north/southbound crosswalk at Mills/Dayton closed; detour to west crosswalk.
- West north/southbound crosswalk at Park/Dayton closed; detour to east crosswalk.

Bicycle impacts
- Mills Street between Johnson Street and University Avenue is closed to two-way traffic until late 2020.
- Dayton Street closed Mills Street to Park Street. Northern crosswalk of Dayton Street closed from Mills Street to Park Street. Southern sidewalk open throughout project.

What's coming
- Dayton Street from Charter Street to Mills Street now reopened. Remaining section of Dayton Street expected to reopen mid-January 2020.

See transportation.wisc.edu for updates on traffic impacts due to construction
New/updated items denoted by "[NEW]"
reviewed 12/30/19

**Vehicle traffic impacts**
- No through-traffic on Lathrop Drive. Lot 115 (contains UW Disabled permit stalls) is only available from Charter Street. Lot 5 (contains UW Disabled permit stalls) is only accessible from Park Street.
- Lincoln Drive closed. Parking stalls behind Birge Hall relocated during this stage.

**Bicycle impacts**
- No through-traffic on Lathrop Drive. Lot 115 (contains UW Disabled permit stalls) is only available from Charter Street. Lot 5 (contains UW Disabled permit stalls) is only accessible from Park Street.
- Lincoln Drive closed. Use Charter or Park Streets.

**Pedestrian impacts**
Note: placement of fences and sidewalk closures for work may vary. Follow the detours as marked by signs on site.
- The main pedestrian paths between Lathrop Hall and South Hall are unavailable. Detour to the east around the Law Building, or use paths to the west of Birge Hall to access the Bascom Hall and Hill area.
- Sidewalk connection between Birge Hall and South Hall and the Law Building is closed. Use pedestrian detour to the north via Bascom Hill or the detour to the south along University Avenue.
- South Hall solely accessible using the north-south sidewalk between North and South Halls. To access the Law Building from South Hall, you must go north to North Hall, east to the Education Building, then south. At least one ADA door available for South Hall at all times during work.
- The sidewalk from the Botany Gardens to the north Lathrop Hall building access point is closed. Detour to sidewalk near University Avenue to approach Lathrop Hall from the north or east. At least one ADA door available for Lathrop Hall at all times during work.
- Some sidewalk areas near Bascom Hall closed (southern Observatory sidewalk and north-south pathway across top of Bascom Hill). East-west foot traffic can use Observatory’s north sidewalk.

Visit the Bascom-Lathrop project page facilities.fpm.wisc.edu/bascom-lathrop-utility-project/ for updates
Vehicle traffic impacts
- No current roadway impacts.

Transit impacts
- The eastbound Observatory & Natatorium bus stop (#2267) remains open, but has relocated about half a block west.

Pedestrian impacts
- *[NEW]* Partial closure of the southern sidewalk along Observatory Drive. Detour to northern sidewalk.
- Northern sidewalk closed along Linden Drive near the Linden Drive garage site--from Farm Place to the entrance to the Vet Med building.
- ADA pathway created that connects the Natatorium to Lot 62 to the Vet Med building.
- Campus Drive bike-ped path closed from Vet Diagnostic Lab to Farm Place egress. Closure to last until March 2020. Detour using path onto Easterday Lane or another alternative route.

Note: Willow Creek bike-ped bridge remains closed due to structural integrity concerns.

Bicycle impacts
- Campus Drive bike-ped path closed from Vet Diagnostic Lab to Farm Place egress. Closure to last until March 2020. Detour using path onto Easterday Lane or another alternative route.

Note: Willow Creek bike-ped bridge remains closed due to structural integrity concerns.
