Projects organized chronologically; project details may change due to weather or other factors. Updated February 13, 2020

**Current projects**

A) Bascom-Lathrop utility project
Package 3 started early September 2019.
Full project to last through November 2020.
Lathrop Drive closed to through-traffic—Lot 115 only accessible from N. Charter Street and Lot 5 only accessible from Park Street. Lincoln Drive closed.
Jan 6 - late Spring (May) 2020 - Observatory Drive westbound only for through-traffic from Charter Street to Park Street. Access to Lot 11 maintained for permit holders; all other vehicle traffic must approach from Park Street. Pedestrian walkways between Lathrop Hall, South Hall, Birge Hall, and the Law Building closed. Some walkways also closed near Bascom Hall. Follow detour signs on site. **See Inset 2 for more details**

B) Linden Drive new parking facility construction
Until late Fall 2020.
Part of Lot 62 closed to make space for a new gated parking facility. Project will include underground utility work, which has closed several sidewalk areas. The bicycle path running behind Vet Med closed Oct. 21 until March 2020.

C) The Nicholas Rec Center construction
Until (Fall) 2020.
Lot 67 closed until construction completed.

D) Mills Street closure
Two-way traffic to open late 2020/early 2021.
Mills Street closed between University Avenue and Johnson Street for Chemistry addition related work. Detour using Brooks, Charter, or Park Street. The west University Ave. crosswalk at Mills closed until project completed. East side of Mills sidewalk maintained, west sidewalk closed.

**See Inset 1 for more details**

E) Babcock Hall addition
Until Spring/Summer 2021.
Much of Lot 40 east closed by Babcock Hall. A temporary driveway available to the west of the Stock Pavilion; the “Farm Place” driveway is closed. Two-way traffic allowed on Babcock Drive from Linden Drive to east Lot 40.

F) Chemistry addition project
Until 2021.
Lot 55 closed until 2021 (end of Chemistry addition project).
The eastern sidewalk near the Chemistry Building is closed; pedestrians should use the west side sidewalk. One University Avenue lane closed from N. Brooks Street to N. Charter Street until the completion of the Chemistry addition project in 2021. Temporary bike lane and sidewalk area created above contraflow bike lane and south sidewalk.

**See Inset 3 for more details**

G) Willow Creek pedestrian/bicycle bridge closed
Closed until further notice.
Closed as a safety precaution; bridge needs structural repairs. Structural analysis to be conducted to determine next steps.

**Future projects**

I) Utilities - W. Dayton Street
Spring 2020.
Dayton Street is now reopen with a temporary pavement layer. Final site restoration (Dayton Street from Mills to Park Street) will happen during spring 2020, with occasional paving, landscaping and other construction-related activities. Any closures resulting from these activities will be announced closer to the time of those projects. **See Inset 4 for more details**

J) Field House improvements
Late March - August 2020.
Lot 19 will close during construction work on the UW Field House. Permit holders will be relocated for the remainder of the parking near specific details will be emailed to permit holder closer to the construction start date.

For more parking info visit transportation.wisc.edu
Vehicle traffic impacts
- Mills Street between Johnson Street and University Avenue closed to two-way traffic until late 2020. Northbound vehicles can reach Conklin Place.
- A single lane of northbound traffic on Charter Street between Johnson Street and University Avenue is closed until the completion of the Chemistry addition project (spring 2021). Lot 55 closed during Chemistry project.

Transit impacts
- Mills Street between Johnson Street and University Avenue is closed. Routes 4, 13, 27, and 44 detour.
- Route 80 returned to Dayton Street Jan. 21.

Metro Transit detour information can be found at mymetrobus.com.

Pedestrian impacts
- Westside north/southbound crosswalk along Mills Street near the Chemistry building is closed; detour to east crosswalk.

Bicycle impacts
- Mills Street between Johnson Street and University Avenue is closed to two-way traffic until late 2020.

What’s coming
- Final Dayton Street site restoration will happen during spring 2020, with occasional paving, landscaping and other construction-related activities. Any closures resulting from these activities will be announced closer to the time of those projects.

See transportation.wisc.edu for updates on traffic impacts due to construction
Vehicle traffic impacts

- No through-traffic on Lathrop Drive. Lot 115 (contains UW Disabled permit stalls) is only available from Charter Street. Lot 5 (contains UW Disabled permit stalls) is only accessible from Park Street.
- Lincoln Drive closed. Parking stalls behind Birge Hall relocated during this stage.

Vehicle traffic impacts cont.

- Observatory Drive westbound only from Park Street to Charter Street. Local access to Lot 11 will be available from Charter Street, but all other traffic must approach from Park Street. Closure will last into May 2020. Eastbound route 81 detours to Johnson Street from Charter Street to Park Street.

Pedestrian impacts

Note: placement of fences and sidewalk closures for work may vary. Follow the detours as marked by signs on site.

- The main pedestrian paths between Lathrop Hall and South Hall are unavailable. Detour to the east around the Law Building, or use paths to the west of Birge Hall to access the Bascom Hall and Hill area.
- Sidewalk connection between Birge Hall and South Hall and the Law Building is closed. Use pedestrian detour to the north via Bascom Hill or the detour to the south along University Avenue.
- South Hall solely accessible using the north-south sidewalk between North and South Halls. To access the Law Building from South Hall, you must go north to North Hall, east to the Education Building, then south. At least one ADA door available for South Hall at all times during work.
- The sidewalk from the Botany Gardens to the north Lathrop Hall building access point is closed. Detour to sidewalk near University Avenue to approach Lathrop Hall from the south or east. At least one ADA door available for Lathrop Hall at all times during work.
- Some sidewalk areas near Bascom Hall closed (southern Observatory sidewalk and north-south pathway across top of Bascom Hill). East-west foot traffic can use Observatory’s north sidewalk.

Bicycle impacts

- No through-traffic on Lathrop Drive. Lot 115 (contains UW Disabled permit stalls) is only available from Charter Street. Lot 5 (contains UW Disabled permit stalls) is only accessible from Park Street.
- Lincoln Drive closed. Use Charter or Park Streets.
Vehicle traffic impacts
• No current roadway impacts.

Transit impacts
• The eastbound Observatory & Natatorium bus stop (#2267) remains open, but has relocated about half a block west.

Pedestrian impacts
• Partial closure of the southern sidewalk along Observatory Drive. Detour to northern sidewalk.
• Northern sidewalk closed along Linden Drive near the Linden Drive garage site--from Farm Place to the entrance to the Vet Med building.
• ADA pathway created that connects the Natatorium to Lot 62 to the Vet Med building.
• Campus Drive bike-ped path closed from Vet Diagnostic Lab to Farm Place egress. Closure to last until March 2020. Detour using path onto Easterday Lane or another alternative route.

Note: Willow Creek bike-ped bridge remains closed due to structural integrity concerns.

Bicycle impacts
• Campus Drive bike-ped path closed from Vet Diagnostic Lab to Farm Place egress. Closure to last until March 2020. Detour using path onto Easterday Lane or another alternative route.

Note: Willow Creek bike-ped bridge remains closed due to structural integrity concerns.
