Projects organized chronologically; project details may change due to weather or other factors. For more parking info visit transportation.wisc.edu

A) Utilities - W. Dayton Street
- Final site restoration (Mills to Park Street)
- Starting 4/27 - Dayton closed from Mills to Park Street, Brooks Street reopened. Starting 4/4 - Additional section of Dayton from Charter to Mills also closed. Route 56 detours to Johnson Street. **See Inset 1 for more details**

B) Bascom Hall roof repair
- until late June 2020
- Lot 11 visitor meter and service/vendor stalls closed for staging. Other nearby parking options available.

C) The Nicholas Rec Center construction
- until late Summer 2020
- Lot 87 closed until all construction completed.

D) Field House improvements
- until August 31, 2020
- Lot 10 will close during construction work on the UW Field House. Permit holders will be relocated for the remainder of the parking year; specific details were emailed to permit holders.

E) Bascom-Lathrop utility project
- Package 2 started early September 2019
- Full project to end through November 2020
- Lathrop Drive closed to through-traffic Lot 115 only accessible from N. Charter Street and Lot 5 only accessible from Park Street. Lincoln Drive closed.
- Jan 6 - late Spring (May) 2020 - Observatory Drive westbound only for through-traffic from Charter Street to Park Street. Access to Lot 1 maintained for permit holders; all other vehicle traffic must approach from Park Street. Pedestrian walkways between Lathrop Hall, South Hall, Bierge Hall, and the Law Building closed. Some walkways also closed near Bascom Hall. Follow detour signs on site. **See Inset 2 for more details**

F) Linden Drive new parking facility construction
- until early Winter 2020
- Part of Lot 62 closed. Project includes underground utility work, which has closed several sidewalk areas. The bicycle path running behind Vet Med closed Oct. 21 until Spring 2020. **See Inset 3 for more details**

G) Mills Street closure
- Two-way traffic to open late 2020/early 2021
- Mills Street closed between University Avenue and Johnson Street for Chemistry addition related work. Detour using Brooks, Charter, or Park Street. The west University Ave. crosswalk at Mills closed until project completed. East sidewalk maintained, west sidewalk closed. **See Inset 1 for more details**

H) Babcock Hall addition
- until Spring/Summer 2021
- Much of Lot 40 east closed by Babcock Hall. A temporary driveway available to the west of the Stock Pavilion; the “Farm Place” driveway is closed. Ten-way traffic allowed on Babcock Drive from Linden Drive to east Lot 40.

J) Chemistry addition project
- until 2021 Chemistry addition completed Lot 55 closed until 2021 (end of Chemistry construction)
- The eastern sidewalk near the Chemistry Building is closed; pedestrians should use the west side sidewalk. One University Avenue lane closed from N. Brooks Street to N. Charter Street until the completion of the Chemistry addition project in 2021.
- Temporary bike lane and sidewalk area created above contraflow bike lane and south sidewalk.

K) Willow Creek pedestrian/bicycle bridge closed
- Closed until further notice
- Closed as a safety precaution; bridge needs structural repairs. Structural analysis to be conducted to determine next steps.

L) Linden Drive partial closure
- late May - mid-August 2020
- Linden Drive closure in front of Vet Med building to complete underground utility work.

M) Eastbound Observatory Drive closure
- late May 2020 (~3 days)
- Observatory Drive westbound lane closure between Babcock Drive and Charter Street. Detour to Linden Drive. Lot 26 stalls along Observatory Drive closed.

N) Lake Mendota drive lane closures
- late May 2020 (~3 days)
- Small sections of Lake Mendota drive closed for repair, eastbound traffic uses westbound lane.

O) High Street westbound lane closure
- early June 2020 (~3 days)
- High Street westbound lane closure.

P) Park Street southbound lane closure
- June - July 2020
- Part of the Bascom-Lathrop project. Southbound lane of Park Street closed between Langdon Street and Lathrop Drive/the Lot 5 driveway.

What's coming

• Final Dayton Street site restoration will happen during spring 2020, with occasional paving, landscaping and other construction-related activities. Information on additional closures or changes to anticipated closures will be shared when available. Project to wrap June 2020.

Vehicle traffic impacts

• Mills Street between Johnson Street and University Avenue closed to two-way traffic until late 2020. Northbound vehicles can reach Conklin Place.
• A single lane of northbound traffic on Charter Street between Johnson Street and University Avenue is closed until the completion of the Chemistry addition project (spring 2021). Lot 55 closed during Chemistry project.
• Dayton Street closed to two-way traffic between Park Street and Charter Street. Local access and access to/from Lot 44 available using Brooks Street. North-south cross traffic allowed at Mills and Charter Streets.

Transit impacts

• Mills Street between Johnson Street and University Avenue is closed. Routes 4, 13, 27, and 44 detour.
• April 3 - Summer 2020 (June), Route 80 detours from Dayton Street to Johnson Street between Charter and Lake Streets.

Metro Transit detour information can be found at mymetrobus.com.

Pedestrian impacts

• West side north/southbound crosswalk along Mills Street near the Chemistry building is closed; detour to east crosswalk.

Bicycle impacts

• Mills Street between Johnson Street and University Avenue is closed to two-way traffic until late 2020.
• Dayton Street closed to two-way traffic between Park Street and Charter Street.
Campus construction - Lot and Street Impacts/Closures Map | Inset 2

New/updated items denoted by "[NEW]" reviewed 5/4/20

Vehicle traffic impacts
- No through-traffic on Lathrop Drive. Lot 115 (contains UW Disabled permit stalls) is only available from Charter Street. Lot 5 (contains UW Disabled permit stalls) is only accessible from Park Street.
- Lincoln Drive closed. Parking stalls behind Birge Hall relocated during this stage.

Pedestrian impacts
Note: placement of fences and sidewalk closures for work may vary. Follow the detours as marked by signs on site.
- The main pedestrian paths between Lathrop Hall and South Hall are unavailable. Detour to the east around the Law Building, or use paths to the west of Birge Hall to access the Bascom Hall / Hill area.
- Sidewalk connection between Birge Hall and South Hall and the Law Building is closed. Use pedestrian detour to the north via Bascom Hill or the detour to the south along University Avenue.
- South Hall solely accessible using the north-south sidewalk between North and South Halls. To access the Law Building from South Hall, you must go north to North Hall, east to the Education Building, then south. At least one ADA door available at all times.
- The sidewalk from the Botany Gardens to the north Lathrop Hall building access point is closed. Detour to sidewalk near University Avenue to approach Lathrop Hall from the south or east. At least one ADA door available at all times.
- Some sidewalk areas near Bascom Hall closed (southern Observatory sidewalk and north-south pathway across top of Bascom Hill). East-west foot traffic can use Observatory's north sidewalk.

Vehicle traffic impacts cont.
- Observatory Drive westbound only from Park Street to Charter Street. Local access to Lot 11 will be available from Charter Street, but all other traffic must approach from Park Street. Closure will last into May 2020.

What’s coming
- Next stage to begin Summer 2020 (June). Lane of southbound Park Street to close Langdon Street to Lathrop Drive June - July 2020.

What’s coming

• Late May to mid-August - Linden Drive will close in front of Veterinary Medicine for underground utility work. Access to lots and loading dock areas behind Vet Med will still be available.

Vehicle traffic impacts

• No current roadway impacts.

Transit impacts

• The eastbound Observatory & Natatorium bus stop (#2267) remains open, but has relocated about half a block west.

Pedestrian impacts

• Partial closure of the southern sidewalk along Observatory Drive. Detour to northern sidewalk.
• Northern sidewalk closed along Linden Drive near the Linden Drive garage site—from Farm Place to the entrance to the Vet Med building.
• ADA pathway created that connects the Natatorium to Lot 62 to the Vet Med building.

Bicycle impacts

• Campus Drive bike-ped path closed from Vet Diagnostic Lab to Farm Place egress. Closure to last until March 2020. Detour using path onto Easterday Lane or another alternative route.

Note: Willow Creek bike-ped bridge remains closed due to structural integrity concerns.
