Vehicle traffic impacts

• Mills Street between Johnson Street and University Avenue closed to two-way traffic until late 2020. Northbound vehicles can reach Conklin Place.
• A single lane of northbound traffic on Charter Street between Johnson Street and University Avenue is closed until the completion of the Chemistry addition project (spring 2021). Lot 55 closed during Chemistry project.
• N. Brooks Street closed from Dayton Street to Lot 92. Lot can be accessed by using Brook Street from Johnson Street or University Avenue. Clymer Place can be used as well, but is a westbound-only road and only southbound travel on Park Street can turn onto Clymer.
• Dayton Street westbound closed from Park Street to Mills Street. Eastbound traffic only. Lot 44 permit holders may only approach from the west and must exit toward Park Street.

Transit impacts

• Mills Street between Johnson Street and University Avenue is closed. Routes 4, 13, 27, and 44 detour.
• April 3 - Summer 2020 (July), Route 80 detours from Dayton Street to Johnson Street between Charter and Lake Streets.

Metro Transit detour information can be found at mymetrobus.com.

Pedestrian impacts

• Westside north/southbound crosswalk along Mills Street near the Chemistry building is closed; detour to east crosswalk.

Bicycle impacts

• Mills Street between Johnson Street and University Avenue is closed to two-way traffic until late 2020.
Vehicle traffic impacts
- No through-traffic on Lathrop Drive. Lot 115 (contains UW Disabled permit stalls) is only available from Charter Street. Lot 5 (contains UW Disabled permit stalls) is only accessible from Park Street.
- Lincoln Drive closed. Parking stalls behind Birge Hall relocated during this stage.

Vehicle traffic impacts cont.
- Observatory Drive westbound only from Park Street to Charter Street. Local access to Lot 11 will be available from Charter Street, but all other traffic must approach from Park Street. Closure will last into May 2020. Eastbound route 81 detours to Johnson Street from Charter Street to Park Street.

Pedestrian impacts
Note: placement of fences and sidewalk closures for work may vary. Follow the detours as marked by signs on site.
- The main pedestrian paths between Lathrop Hall and South Hall are unavailable. Detour to the east around the Law Building, or use paths to the west of Birge Hall to access the Bascom Hall and Hill area.
- Sidewalk connection between Birge Hall and South Hall and the Law Building is closed. Use pedestrian detour to the north via Bascom Hill or the detour to the south along University Avenue.
- South Hall solely accessible using the north-south sidewalk between North and South Halls. To access the Law Building from South Hall, you must go north to North Hall, east to the Education Building, then south. At least one ADA door available at all times.
- The sidewalk from the Botany Gardens to the north Lathrop Hall building access point is closed. Detour to sidewalk near University Avenue to approach Lathrop Hall from the south or east. At least one ADA door available for Lathrop Hall throughout work.
- Some sidewalk areas near Bascom Hall closed (southern Observatory sidewalk and north-south pathway across top of Bascom Hill). East-west foot traffic can use Observatory’s north sidewalk.

What’s coming
- Next stage to begin Summer 2020 (June)
What’s coming

- Late May to mid-August - Linden Drive will close in front of Veterinary Medicine for underground utility work. Access to lots and loading dock areas behind Vet Med will still be available.

Vehicle traffic impacts

- No current roadway impacts.

Transit impacts

- The eastbound Observatory & Natatorium bus stop (#2267) remains open, but has relocated about half a block west.

Pedestrian impacts

- Partial closure of the southern sidewalk along Observatory Drive. Detour to northern sidewalk.
- Northern sidewalk closed along Linden Drive near the Linden Drive garage site—from Farm Place to the entrance to the Vet Med building.
- ADA pathway created that connects the Natatorium to Lot 62 to the Vet Med building.

Bicycle impacts

- Campus Drive bike-ped path closed from Vet Diagnostic Lab to Farm Place egress. Closure to last until March 2020. Detour using path onto Easterday Lane or another alternative route.

Note: Willow Creek bike-ped bridge remains closed due to structural integrity concerns.
