Current projects

E) The Nicholas Rec Center construction until late Summer 2020
Lot 87 closed until all construction completed. Southern sidewalk closed until late July 2020. Road reopening May 21-22 with flaggers on site to direct traffic.

F) Field House improvements until August 31, 2020
Lot 10 closed for UN Field House project. Starting 5/13 - Little Street connection from Monroe Street to westbound Regent Street closed until June 9. Detour using Randall Avenue or Bresnahan Terrace.

G) Bascom-Lathrop utility project Package 2 started early September 2019
Full project to last through November 2020. Bascom Drive closed to through-traffic Lot 115 accessible from Charleroi Street and Lot 5 accessible from Park Street. Jan. 6 - June 1 - Observatory Drive westbound only for through-traffic from Charleroi Street to Park Street. Access to Lot 11 maintained; other vehicle traffic must approach from Park Street. Starting May 11, Lot 9 closed.

H) Bascom-Lathrop utility project cont. Some pedestrian walkways on Bascom Hill are closed. Follow detour signs on site. **See inset 1 for more details**

I) Bascom-Lathrop utility project Package 3 scheduled for Spring 2021
Lot 104 closed until June 21, 2021. Detour using Randall Avenue or Bresnahan Terrace. **See inset 1 for more details**

J) Field House improvements until August 31, 2020
Lot 10 closed for UN Field House project. Starting 5/13 - Little Street connection from Monroe Street to westbound Regent Street closed until June 9. Detour using Randall Avenue or Bresnahan Terrace.

K) Bascom-Lathrop utility project Package 3 scheduled for Summer 2021
Lot 104 closed until June 21, 2021. Detour using Randall Avenue or Bresnahan Terrace. **See inset 1 for more details**

L) Chemistry addition project until Summer 2021
Lot 56 closed to 2022 (end of Chemistry construction). The eastern sidewalk near the Chemistry Building is closed; pedestrians should use the west side sidewalk. One University Avenue lane closed from N. Brooks Street to N. Charter Street until the completion of the Chemistry addition project in 2021. Temporary bike lane and sidewalk areas created above contraflow bike lane and south sidewalk.

M) Willow Creek pedestrian/bicycle bridge closed
Closed until further notice.

Future projects

I) Lake Mendota Drive lane closures May 25-27, 2020 (3 days)
Small sections of Lake Mendota drive closed for repair: westbound traffic uses westbound lane, westbound traffic detours to Eagle Heights Drive loop.

II) Park Street southbound lane closure May 26 - July 2020
Part of the Bascom-Lathrop project. Southbound lane of Park Street closed between Langdon Street and Lathrop Drive/the L5 driveway.

III) Linden Drive partial closure May 26 - July 2020
Linden Drive in closure in front of Vil Mab building to complete underground utilities work.

IV) Highland Avenue westbound lane closure early June 2020 (6 days)
Westbound lane of Highland Avenue closed near HSLC. Detour to March Drive. Will return to Highland Avenue.

Projects organized chronologically; project details may change due to weather or other factors.
City of Madison project information can be found at cityofmadison.com

Updated May 18, 2020
Vehicle traffic impacts

- Mills Street between Johnson Street and University Avenue closed to two-way traffic until late 2020. Northbound vehicles can reach Conklin Place.
- A single lane of northbound traffic on Charter Street between Johnson Street and University Avenue is closed until the completion of the Chemistry addition project (spring 2021). Lot 55 closed during Chemistry project.
- Dayton Street closed to two-way traffic between Park Street and Charter Street. Local access and access to/from Lot 44 available using Brooks Street. North-south cross traffic allowed at Mills and Charter Streets.

Transit impacts

- Mills Street between Johnson Street and University Avenue is closed. Routes 4, 13, 27, and 44 detour.
- April 3 - Summer 2020 (June), Route 80 detours from Dayton Street to Johnson Street between Charter and Lake Streets.

Metro Transit detour information can be found at mymetrobus.com.

Pedestrian impacts

- West side north/southbound crosswalk along Mills Street near the Chemistry building is closed; detour to east crosswalk.

Bicycle impacts

- Mills Street between Johnson Street and University Avenue is closed to two-way traffic until late 2020.
- Dayton Street closed to two-way traffic between Park Street and Charter Street.

See transportation.wisc.edu for updates on traffic impacts due to construction.
**New/updated items denoted by "[NEW]"**

**Campus construction - Lot and Street Impacts/Closures Map | Inset 2**

**Vehicle traffic impacts**
- **No through-traffic on Lathrop Drive.** Lot 115 (contains UW Disabled permit stalls) is only available from Charter Street. Lot 5 (contains UW Disabled permit stalls) is only accessible from Park Street.
- **Lincoln Drive closed.** Parking stalls behind Birge Hall relocated during this stage.

**Pedestrian impacts**
Note: placement of fences and sidewalk closures for work may vary. Follow the detours as marked by signs on site.
- The main pedestrian paths between Lathrop Hall and South Hall are unavailable. Detour to the east around the Law Building, or use paths to the west of Birge Hall to access the Bascom Hall / Hill area.
- Sidewalk connection between Birge Hall and South Hall and the Law Building is closed. Use pedestrian detour to the north via Bascom Hill or the detour to the south along University Avenue.
- **South Hall solely accessible using the north-south sidewalk between North and South Halls. To access the Law Building from South Hall, you must go north to North Hall, east to the Education Building, then south. At least one ADA door available at all times.**
- The sidewalk from the Botany Gardens to the north Lathrop Hall building access point is closed. Detour to sidewalk near University Avenue to approach Lathrop Hall from the south or east. At least one ADA door available at all times.
- Some sidewalk areas near Bascom Hall closed (southern Observatory sidewalk and north-south pathway across top of Bascom Hill). East-west foot traffic can use Observatory’s north sidewalk.

**What’s coming**
- Next stage to begin Summer 2020 (June). Lane of southbound Park Street to close Langdon Street to Lathrop Drive May 26 - July 2020.

Visit the Bascom-Lathrop project page facilities.fpm.wisc.edu/bascom-lathrop-utility-project/ for updates

See transportation.wisc.edu for updates on traffic impacts due to construction
Vehicle traffic impacts
- No current roadway impacts.

Transit impacts
- The eastbound Observatory & Natatorium bus stop (#2267) remains open, but has relocated about half a block west.

Pedestrian impacts
- Partial closure of the southern sidewalk along Observatory Drive. Detour to northern sidewalk.
- Northern sidewalk closed along Linden Drive near the Linden Drive garage site—from Farm Place to the entrance to the Vet Med building. ADA pathway created that connects the Natatorium to Lot 62 to the Vet Med building.
- Campus Drive bike-ped path closed from Vet Diagnostic Lab to Farm Place egress. Closure to last until approximately August 2020. Detour using path onto Easterday Lane or another alternative route.

Note: Willow Creek bike-ped bridge remains closed due to structural integrity concerns.

Bicycle impacts
- Campus Drive bike-ped path closed from Vet Diagnostic Lab to Farm Place egress. Closure to last until Spring 2020. Detour using path onto Easterday Lane or another alternative route.

Note: Willow Creek bike-ped bridge remains closed due to structural integrity concerns.

What’s coming
- Late May (May 26) to mid-August - Linden Drive will close in front of Veterinary Medicine for underground utility work. Access to lots and loading dock areas behind Vet Med will still be available.
- Late
